

# God Loves You

The Clark Sisters

Hey you over there sitting on the chair  
Seems that no one cares looking in despair  
Feeling a little lonely go to God in prayer  
Something on your mind with me you can share

Smile, God loves you I do too  
Smile, God loves you I do too  
Smile, God loves you I do too  
Smile, God loves you I do too  
Be a friend till the end  
On him I can depend

Over in Africa famine in the land  
Lack of food and shelter help is on the way  
All the little children crying and suffering  
Mothers and fathers broken hearted is there one who cares?

Smile, God loves you I do too  
Smile, God loves you I do too  
Smile, God loves you I do too  
Smile, God loves you I do too  
You'll be a friend till the end  
On him I can depend

Don't hold your head down  
Don't make your face frown  
Don't hold your head down  
Don't make your face frown  
Don't hold your head down  
Don't make your face frown  
Don't hold your head down  
Don't make your face frown

Smile, don't worry about your problems they soon be over  
Smile, tell God about your problems he's gonna solve them  
Smile, don't worry about your problems they soon be over  
Smile, tell God about your problems he's gonna solve them

Smile, God loves you  
Smile, God loves you  
Smile, God loves you  
Smile, God loves you

(Wipe those tears from your eyes  
Lift your head up to the sky  
Gods on your side God is standing by)
