

God Understands All

The Clark Sisters

Winds blow tears flow
Feel low
But I know that God knows and understands all

You may be weak you may be worn
You may be torn
But don't you know that I know and understands all

If your in pain or in a strain
Then don't complain
But don't you know that God knows and understands all

[Chorus]

I know that God knows
I know (I know I know) that God knows [6x]
And understand all
