yes, it's time for the dr. goebbels show!

there's a tower in the heart of london with a radio station right at the top they don't make the city beat they're making all the action stop

a long time ago there were pirates beaming waves from the sea but now all the stations are silenced 'cos they ain't got a government license

wanna tell your problems phone in from your bedsit room having trouble with your partner let us all in on the news

if you wanna hear a record get the word from aiden day he picks all the hits to play to keep you in your place all day

capital radio
in tune with nothing
don't touch that dial
