

I had months to write a song  
That captured who you are  
But I fear I have done you wrong  
Because I've failed you so far  
The chord that struck, an angel fell  
Skies went dark and it all comes down  
The choices made, the lies forgotten  
Oh, well  
This is the way that I know  
This is the way that I know  
I would give everything for some hope  
Are you different?  
Could I be different too?  
Nobody knows you  
Nobody knows you like I do  
'Cause there's a song outside my window  
And it plays to your tune  
And there's a life inside this pencil  
And it lives for what is true  
'Cause I am lost for words, the cost for her  
Was way too much to bear  
You're not perfect but I don't care  
This is the way that I know  
This is the way that I know  
I would give everything for some hope  
Are you different?  
Could I be different too?  
Nobody knows you  
Nobody knows you like I do  
Are you different?  
Could I be different too?  
Nobody knows you  
Nobody knows you like I do  
Say the word, say the word  
Are you different  
Could I be different too?  
Nobody knows you  
Nobody knows you like I do  
Yeah, no  
Are you different?  
Could I be different too?  
Nobody knows you  
Nobody knows you like I do  
Are you different?  
Could I be different too?  
Nobody knows you  
Nobody knows you like I do
