

# 1000 Violins

The Clik

It's like a thousand violins  
All fading out as you fade in  
And when you're ready to give in  
I hear a thousand violins

It's gonna be hard to win my love  
It's gonna be hard to win my love  
And just when you thought you'd had enough  
It's gonna be hard to win my love

It's like a million ringing bells  
That come and break the magic spell  
And when you think you're doing well  
I hear a million ringing bells

It's gonna be hard to win my love  
It's gonna be hard to win my love  
And just when you thought you'd had enough  
It's gonna be hard to win my love

BRIDGE

Can we get a little bit closer?  
Can we take a little more time?  
Darling get a little bit closer  
I promise that I will make you mine

It's gonna be hard to win my love  
It's gonna be hard to win my love  
And just when you thought you'd had enough  
It's gonna be hard to win my love

It's like a thousand violins!  
It's like a thousand violins!  
It's like a thousand violins!  
It's like a thousand violins!
