

# Soul Back Driver

The Clik

Sould Back driver  
Take my soul back  
where'd you put it?  
I don't know 'cuz I lost my way

Soul back driver  
Take my heart in pieces  
You are so blessed to be  
my prey

Running thunder  
Pulling over  
Hiding under

Soul back driver  
Take my soul back where you  
found my head in the wind  
you win

You broke spirit  
to become, I fear it  
You are breakin in sweat  
Regret

And if you see,  
and if you see me  
DON't make believe that  
I am leacing  
I walked away,  
I walked away bare  
You never said I wouldn't have  
it back

Today I have to fully come to  
terms with this  
You don't exist

Soul Back Driver  
Soul Back Driver  
Soul Back Driver, driver, Yeah
