

## Still

## The Clicks

I see the way you look at me  
And all of these torches in between  
If I had my way, my wish would be  
To lay you down

But you'd rather fade into the crowd  
And hand me your fated run around  
'Cuz darlin' these spaces in the ground  
We have to fill

So darling, lay still  
And let me come into you

So if you must go then go but wait  
Cuz you have the lips I need to taste  
And darlin' don't make the same mistakes  
You made before

So next time you see me in the crowd  
Don't look my way, just turn around  
Cuz I can't control what I'll do now  
I don't have the will

'Cuz I want you still  
So let me come into you  
You know I can fill desire  
If you want me to  
So darling lay still  
And let me come into you  
You know I can fill your lovers shoes

### BRIDGE

I want you now  
Your body all over me  
Just say what you want from me  
And I'll do you right  
Just let me come into you  
Whatever you want me to  
Just ask and you know I'll do  
Baby I'm yours tonight

So darling lay still  
And let me come into you  
You know I can fill your lovers shoes
