

Move Mr. Man

The Contours

Come on
Baby, baby, just one more chance
Baby, baby, just one more chance

Well, if you'd just given me a one more chance
I'd be a happy, a happy man
But every time I get next to you
You said move Mr. man 'cause you don't know what to do

Oh yeah, but then I give you all of my pain
Because I love you more each day
But every time I get next to you
You said move Mr. man 'cause you don't know what to do
Hey

(Pay no attention to the other guy, ooh)
Hey, well I love you baby and I don't know why
(I love you baby and I don't know why, ohh ooh)
Hey, while you take another look
There's something in your eye, hey, hey, yeah

You called me the other night
Thinkin' that everything was really alright
But every time I get next to you
You said move Mr. man 'cause you don't know what to do
Hey

(Pay no attention to the other guy, ooh)
Mmm, poor little girl, I love you baby and I don't know why
(I love you baby and I don't know why, ohh ooh)
Hey, you better take another look
There's something in your eye, hey, hey, yeah

You called me the other night
Thinkin' that everything was really alright
But every time I get next to you
You said move Mr. man 'cause you don't know what to do

Hey, uh come on
Mmmm, I said a-baby
Babe-a-baby-baby-babe
Just give me one, one
