

So Grateful

The Contours

For making me happy
Every night and day
For being so kind to me baby
In your own sweet way

Oh baby, oh baby
You're so honest, you're so honest and true
And then I just want to say
Little girl, I'm so grateful
Oh so grateful

For making my life
Worth living for
For taking my love
And given so so much more

Oh baby, oh baby
You're so honest, you're so honest and true
And then I just want to say
Little girl, I'm grateful
Oh so grateful

I thank you pretty baby
Let me tell you now
For being, for being so sweet
I thank you pretty baby
For making my life complete

Don't know what to say
To show you how I feel
To tell you how I love you
And I always will

Oh baby, oh baby
You're so honest, you're so honest and true
And then I just want to say
Little girl, I'm so grateful
Oh so grateful
I thank you pretty baby
For making my life so complete
I'm so grateful
I just wanna tell you one more time
