### The Courteeners

Who is that girl? I think it's kokaine kim  
I've not seen her face in ages  
Tell me where she's been  
Oh kokaine kimberly is dancing by the door  
Have you seen her slightly slender self  
Sleeping on the floor?

Oh kokaine kim, that girls off the rails  
Sparkling teeth, needle nights  
Champagne fairytales  
Oh girl from Timperley  
Who is that guy your with?  
I hope he treats you really very nicely  
The two days you've got left to live
