

How Come You Do Me?

The Cramps

Oh baby, how come you do me like you do me, like you

do me?

How come you do me like you do me, like you do me?

How come you do me like you do me, like you do me?

How come you do me like you do me, like you do me?

Why do you do me, ah do me like you do?

Well I got a girl got the ruby lips

And every time she walks she wiggle her hips

How come you do me like you do me, like you do me?

How come you do me like you do me, like you do me?

Why do you do me, do me like you do?

Well right!

Oh baby, I love baby

It's a all wild time

When she starts to shake it

Like she does it all the time

How come you do me like you do me, like you do me?

How come you do me like you do me, like you do me?

Why do you do me, do me like you do?

Well go again!

How come you do me like you do me, like you do me?

How come you do me like you do me, like you do me?

How come you do me like you do me, like you do me?

How come you do me like you do me, like you do me?

Why do you do me, do me like you do?
