

I Still Do

The Cranberries

Ami

I'm not ready for this

C

Though I thought I would be

D

I can't see the future

Emi7

Though I thought I could see

I don't want to leave you

Even though I have to

I don't want to love you I still do

Need some time to find myself

I wanna live within

Can I go my own way

Can I pray my own way

I don't want to leave you I need you

Am I ready for this

Did I think I would be

Can I see the future

No, I can't see
