Speeding

The Creatures

Speeding my way with no time to spare
Stealing away from that old nightmare
Speeding, speeding, I am stealing
Against the grain, unrestrained
I've invented a different game when I'm dealing
Dealing, now I'm dealing
Something out there is calling me
Beckoning me with urgency
Speeding, speeding, I am leaving
Oh saints alive, bless my soul
Driverless, now I'm in control
Speeding, speeding, time is needing
Bad pennies return from whence they came
I'll be back like a boomerang
Boom, boom, boom, boom
Boom, boom, boom, boom
Boom, boom, boom, boom
Speeding away with no time to spare
Speeding away from the same nightmare
Freedom, freedom, I seek freedom
The trail ahead is dark and unsound
But I'm lapping it up like a greedy hound
Free at last of the city sounds
Free at last to put my foot right down
Boom, boom, boom, boom
Boom, boom, boom, boom
Shut your eyes, let's hold hands
Overtaking on the tightest bends
Throw the dice, toss a penny in the air
Heads or tails, the devil may care
Speeding, speeding, time is needing
Bad pennies return from whence they came
It all comes back like a boomerang
Boom, boom, boom, boom
Boom, boom, boom, boom
Boom, boom, boom, boom
Boom, boom, boom, boom
Speeding, I am speeding
Speeding, I am speeding
I am speeding, I am speeding
I am speeding, I am speeding
I am speeding, I am speeding
I am, I am speeding, I am speeding
