

Song from Practice 1

The Crips

What's the other side of consistency?
What's on the other side of consistency?
Yeah you come on
You always fall
I'm always falling away
Anyway...

And I go round
And I go round
When I go around
The lost and found

What's the other side of consistency?
What's on the other side of capability?
Yeah you come on
You'll always fall
I'm always falling away
In a way...

And I go round
And I go round
When I go around
The lost and found

Len, where do you keep 'Suburban Commando'?
