## Let's Go to Bed

Doo doo doo doo Doo doo doo doo Let me take your hand I'm shaking like milk Turning Turning blue All over the windows and the floors Fires outside in the sky Look as perfect as cats The two of us Together again But it's just the same A stupid game But I don't care if you don't And I don't feel if you don't And I don't want it if you don't And I won't say it If you won't say it first You think you're tired now But wait until three Laughing at the Christmas lights You remember from December All of this then back again Another girl Another name Stay alive but stay the same It's just the same A stupid game But I don't care if you don't And I don't feel if you don't And I don't want it if you don't

If you won't say it first You can't even see now So you ask me the way You wonder if it's real Because it couldn't be rain Through the right doorway And into the white room It used to be the dust that would lay here

Doo doo doo doo Doo doo doo doo Let's go to bed

When I came here alone

And I won't say it

The Cure
