1. Tomorrow I can start again
Em A
With back to earth and carry on
G D
The same as I did yesterday
Em A
Yeah I'll pick it up once more
And morning I'll be onto it
From square one start
And push it for a bit
Like I do everyday
I'll get it down for sure

R: But tonight I climb with you
Em A
Tonight so high with you
Em A
Tonight I shine with you
Em A G D Em A
Tonight oh I'm so alive with you
G D
Tomorrow I'll begin again

2. With heavy head to hold it
G D
As I do it all like yesterday
Yeah I'll break it out again
And morning I'll be there in time
For clock back move
And make it for awhile
To get through everyday
I'll roll it out the same

R: But tonight I climb with you
Tonight so high with you
Tonight I shine with you
Tonight I'm so alive...

G D Em A
*: With you it's always here and never there
With you it's always here and never where
With you it's always here and never how
G D Em
With you it's always here and always now

3. Yeah tomorrow I will start again
With back to earth and carry on
The same as I did yesterday
Yeah I'll pick it up once more
And morning I'll be onto it
From square one start and push it for a bit
Like I do everyday

I'll get it down for sure

R: But tonight I climb with you
Tonight so high with you
Tonight I shine with you
