

# Underneath the Stars

The Cure

Floating here like this with you  
Underneath the stars  
Alight for 13 billion years  
The view is beautiful  
And ours alone tonight  
Underneath the stars

Spinning round and round with you  
Watching shadows melt the light  
Soft shining from our eyes  
Into another space  
Is ours alone tonight  
Watching shadows melt

And the waves break  
And the waves break...

Whisper in my ear a wish  
"We could drift away"  
Held tight  
Your voice inside my head  
The kiss is infinite  
And ours alone tonight  
"We could drift away"

Flying here like this with you  
Underneath the stars  
Alight for 13 billion years  
The view is beautiful  
And ours alone tonight  
Underneath the stars

And everything gone  
And all still to come  
As nothing to us  
Together as one  
In each others arms  
So near and so far  
Forever as now  
Underneath the stars

As the waves break...
