

Under the Wheels

The Damned

Torn, reckless I'm born
Sent here to fall
Under another spell, blindly
Green, sacrifice me
Float down the stream
Over the waterfall, send me

Smiling faces through the ages, animated, innocently
Ever waiting, turning the pages slow
Desperation ups the stakes onto the table, holding aces
Never pays while ever romancing gold

Under the skin I crawl
But under the wheels I fall

Bleed colours of green
Misguided needs
Down with the dogs I feed
Craving sleep
Hypnotise me
Poison my dreams
You rape my memories, gently

Smiling faces through the ages, animated, innocently
Ever waiting, turning the pages slow
Desperation ups the stakes onto the table, holding aces
Never pays while ever romancing gold

Under the skin I crawl
But under the wheels I fall
Under the wheels I fall
Under the skin I'm crawling

Smiling faces through the ages, animated, innocently
Ever waiting, turning the pages slow
Desperation ups the stakes onto the table, holding aces
Never pays while ever romancing gold

Under the skin I crawl
But under the wheels I fall
Under the skin I'm crawling
Under the wheels I...
Under the wheels I... fall
