

Too Little Fire

The Datsuns

Well overhead the signals call
To spoon-fed, air head, eyeball's
Seems the joke's on you this time
This time

Now you're preaching to the choir
Now you're preaching has misfired
Who'll buy the lie, the crime the time
The atom's smashed oh so fine
Seems the joke's on you this time
This time

Love you and hate you
You got it all wrong
Love you and hate you
Oh not for long
Love you and hate you
You got it all wrong
Too late I found now
The words to the song

Either way you're gonna lose
