

# Mother Ocean

The Daysleepers

the ocean will take my hand  
and, bury me in the blue sand  
carry me safe from harm  
lay my head down and disarm

because i really want to  
but i don't know how to

the coral becomes my skin  
water, i now can breathe in  
though silent the sea is strong  
broke by the distant whale song

because i really want to  
leave this land i once knew  
but am i really worth it?  
is this really worth it?

i am an aura  
all around you  
she is the warm glow  
when the currents flow

i am at home now  
here in your heart  
when the waves break  
i'm lost in your wake
