The our again wanna lov best
Thunders know witch way to go
The day is long over not tourmously
So stuck you between Dog and Wolf
Stuck you between Dog and Wolf

Sun as the rendez-vous
With up with the moon
Moon does'nt know over
Sun keeps on waiting

Mis talk you too
Stuck you between Dog and Wolf
Stuck you between Dog and Wolf

Maybe it's not
Such a good sign after road
Further we will ours to broad theire light
That's the way thet look down hill
Stuck you between Dog and Wolf
Stuck you between Dog and Wolf
