

## Make Your Move

The Delgados

Finish what you've started here  
You make your move just once a year  
In the city in the town  
Your happy home is never found  
Second hand was never planned  
The birth was over, the baby banned  
She fled the place at such a pace  
She never even saw your face  
So go with me  
Inside  
Believe  
You have so much to give

Switch the light off, have a go  
Force the only one you know  
To leave this place without a trace  
A pity I had seen your face  
Where do you think I will find  
This party girl who was so kind?  
Raven hair and skin so fair  
Sadness never visits there

So go with me  
Inside  
Believe  
You have so much to give
