

# Tempered; Not Tamed

The Delgados

Have you seen yourself?  
Take a limit and push it for your health  
If nothing more

What lives inside  
Takes more to deny than just my pride  
Nine times for four

I'm feeling certain that I have been denied  
What's given good  
It's not a question of half-baked traumatized  
It's just a question of should

Did it ever occur?  
Should I throw some light onto something slurred?  
Uncovered and heard

Steal a moment's thought  
Parasites are the worst afflicted  
Second handed shot

I'm feeling certain that I have been denied  
What's given good  
It's not a question of half-baked traumatized  
It's just a question of should  
And my confusion is all a bit paranoid  
And maybe that's a lie  
Persistent reasoning all within a void  
It's not that I don't try

I have nowhere to be seen right now  
I have no expectations of my wheres and how  
I cannot see your right hand, cannot see your face  
It's like I'm running stationary from this place

I'm waiting for the option to come and take me down  
I want to be corrected by the ones that are renowned  
Terrified persuasion can't relieve me from this scene  
I'm waiting for denial of where I think I've been

I'm feeling certain that I have been denied  
What's given good  
It's not a question of half-baked traumatized  
It's just a question of should  
And my confusion is all a bit paranoid  
And maybe that's a lie  
Persistent reasoning all within a void  
It's not that I don't try
