

All I Do

The Derek Trucks Band

You left me moaning at your back door
Your dog is barking now, back for more
Took everyday yeah, and every night
You know the mood is gonna fit ya
The feeling's gonna make it all right

All I do, all I do is sing about you
All I do, every morning and night
All I do All I do
I think about you baby and I can't sleep at night

I'm talking power failure for what I choose
Women want a man, act a fool
Make it up to you, in due time
Till the mood is gonna fit you
The feeling's gonna make it all right

All I do, all I do is sing about you
All I do, every morning and night
All I do All I do
I think about you baby and I can't sleep at night

You left me moaning at your back door
Your dog was barking now, back for more
Took everyday yeah and every night
You know the mood is gonna fit ya
The feeling's gonna make it all right, all right

All I do, all I do is sing about you
All I do, every morning and night
Till the mood is gonna fit you
The feeling's gonna make it all right

All I do, all I do is think about you
All I do is all I do
All I do all I do is think about you
All I do is all I do
