

# Can't Do Without You

The Detroit Cobras

Gonna go where the winds don't blow now baby  
And the sun doesn't shine  
I'm gonna go and jump in that river  
If you don't hurry up and say that your mine

Well I thought I'd play russian roulette  
With six bullets in the gun  
If you don't say that you're mine baby  
That I am the only one  
Cause I cannot

(Can't do without you)  
Hey hey hey  
(Can't live without you)  
Can't you hear me cry baby  
(Can't do without you)  
I might as well end my misery  
So you'll stop torturin' me

Absence makes the heart grow fonder  
So I went away  
But I couldn't bare to be without ya  
And I came back the very next day  
Cause I cannot

(Can't do without you)  
No no no  
(Can't live without you)  
Can't you hear me cry baby  
(Can't do without you)  
I might as well end my misery  
So you'll stop torturin' me

Well I thought I'd join that foreign legion  
Try and forget about you  
But everytime I try to leave you honey  
Well ain't nothing that I could do  
Cause I cannot

(Can't do without you)  
No no no  
(Can't live without you)  
Can't you hear me cry baby  
(Can't do without you)  
I might as well end my misery  
So you'll stop torturin' me

Whoa yeah  
(Can't do without you)  
(Can't live without you)
