

# Who Will Save Rock And Roll?

The Dictators

I fall to my knees  
And look to the sky  
Who will save rock and roll?

Murray the k is not here today  
So who will save rock and roll?

Every protest singer  
Every guitar slinger  
Every punk rock sinner sells his soul

My generation is not the salvation  
So who will save rock and roll

I saw the stooges, covered with bruises  
Who will save rock and roll?

Every mercenary  
Three chord revolutionaries  
Choose your side and choose it well

June 1st, 67 something died and went to heaven  
I wish Sgt Pepper  
Never taught the band to play

My generation  
Is not the salvation  
So who will save,  
Who will save  
Tell me who will save  
Rock and..... roll
