

Nothing's Funny

The Dillinger Escape Plan

You're an image pale that points and laughs
White list and a fire bath (?)
Now tie me down and take me home
I'm not afraid to go
Now tie me down and take me home
I'm not afraid to go

Pre-chorus:
You should feel the
Your conscience fades
Eyes are not willing to see
Your soul degrades
You've lost your way

Chorus:
Eventually the jokes aren't free
Nothing's ever funny
Nothing's funny

Verse 2:
Blood self believe, too big to fall
Let shadows stand just inches tall
You hoá¹-e to God you never die
No no, no you won't die

Pre-chorus:
You should feel the
Your conscience fades
Eyes are not willing to see
Your soul degrades
You've lost your way

Chorus:
Eventually the jokes aren't free
Nothing's ever funny
Nothing's funny

But now I see that the joke's on me
Nothing's ever funny
Nothing's funny

Don't be scared
Don't be scared
Don't be scared
Don't be scared
Don't be scared

Chorus:
Eventually the jokes aren't free
Nothing's ever funny
Nothing's funny

But now I see that the joke's on me
Nothing's ever funny
Nothing's funny
