

Your my destiny, you wanna be with me
So holla if you hear me(ugh!)
Your my destiny, you wanna be with me
So holla if you hear me(ugh!)
Your my destiny, you wanna be with me
So holla if you hear me(ugh!)
Your my destiny, you wanna be with me
So holla if you hear me(ugh!)

Do you ever wonder when he dont come who he goes to see?
And why in the middle of the night he leaves you alone,
Cause everything he likes is with me

If I was in your shoes I would've had to let him go
From the first sign of him tryin to play
If you want me to stay you gotta let all that go
Oh, but no
You wanna stick around
And not believe in what you see
And while your waiting, thinkin everything is gonna be ok
I gotta him, I gotta him, right here with me, oh ho

Do you ever wonder when he dont come who he goes to see?
And why in the middle of the night he leaves you alone, leaves you alone?
Do you ever wonder when he dont come home who he goes to see?
And why in the middle of the night he leaves you alone
Cause everything he likes is with me

I wanna call you so bad and tell you
He's sick of you
Girl what you put him through
Do you expect to mistreat him and he still be with you
No, No, No, No, No
Thats why he's here with me
I dont care what you say
You cant play with Destiny

Now as far as I know
he's in good hands
So you can stop calling all around
Saying have you seen my man
Aint no need to fuss n' fight
Tryin to make it right
No ho
Certain things aint meant to be
And that's why, that's why he's right with me

Be right here if you bout' it bout' Master P and Destiny can get rowdy rowdy

Holla if at me if you hear me
All its takes is a beep to get near me ugh,
mama always told me I could tell a real girl by the she hold me I
Live a life of a G
But tonight girl its gon' be you and me

Moet champagne I mean strong guaranties she calling my name

But if ya really wanna be with hug me and squeeze me
Real killaz like to ride
