

# No Sleep

The Diplomats

Dipset, aight

Blow a bag for me if you bad and you know it  
I'ma keep it real, shorty bad and she show it  
You can do it fast, baby, just don't go too fast on me  
I can't get no sleep  
I been up for the whole damn week  
I can't get no sleep  
I got a super bad bitch on me

She say she want the bottle, so I bought the case  
You know I beat it up like I caught a case, beat it  
Fucked her for a couple days, first forty-eight  
Uh oh, I think I left a trace on her face  
I can't get no sleep 'cause she all on me  
It's like we never done, she got me on repeat  
She throw it all on me, she say it's all for me  
She say she in love with me but she just love the D  
I get her so wet it's spillin' like she peed  
We keep fuckin' up the sheets, can't get enough of me  
She won't let me leave, she ain't tryna go  
But that money callin' so I gotta go  
She like, "Can I go?"  
She like, "Can I roll?"  
She like, "Can I fuck you on the way to get the dough?"  
She know I'm a dog but she love my bone  
Come into the money while she cummin', that's tow in a row

I can't get no sleep  
I been up for the whole damn week  
I can't get no sleep  
I got a super bad bitch on me  
Blow a bag for me if you bad and you know it  
I'ma keep it real, shorty bad and she show it  
You can do it fast, baby, just don't go too fast on me

Capo

She said she want a bottle, so I brought the case  
You know I beat it up like I caught a case  
Fucked her for a couple days, first forty-eight  
Killed that bitch up in the tele like I'm Norman Bates  
All she saw was rocks in the Audi face  
I'm spillin' paint on my chain while I poured the Ace  
She thought she was in space when she saw the Wraith  
I got a lot of rich habits and make poor mistakes  
She was on her 'Gram workin' on her angles  
Tried to catch me on the Snap, she tryna get me tangled  
Got a lot of whips and chains like this nigga's Django  
I made that pussy raw like that bitch a Bengal

I can't get no sleep  
I been up for the whole damn week  
I can't get no sleep  
I got a super bad bitch on me  
Blow a bag for me if you bad and you know it  
I'ma keep it real, shorty bad and she show it  
You can do it fast, baby, just don't go too fast on me
