

# Bury Me Next to Elvis

The Dirty Youth

You always meet my expectations  
Deliver me from my frustrations  
There's nothing I can do  
You're the devil in disguise  
You're the king, I'll be your queen  
There's no suspicious minds to see  
Sing for me and comfort me  
I am hypnotised

Stop!  
Let's turn back time  
I would give my world to rock with you

I close my eyes and I see you  
On TV screens and posters too  
I've dreamt of making love to you  
Bury me next to Elvis  
So obsessed by all you do  
I love your hair, your Blue Suede Shoes  
I'd even take my life for you  
Bury me next to Elvis

You get me through my situations  
Avoiding all these complications  
You are my lucky charm  
You light up my life

Stop!  
Let's turn back time  
I would give my world to rock with you

I close my eyes and I see you  
On TV screens and posters too  
I've dreamt of making love to you  
Bury me next to Elvis  
So obsessed by all you do  
I love your hair, your Blue Suede Shoes  
I'd even take my life for you  
Bury me next to Elvis

Please hold me close to you (please hold me close)  
And we could be together

Stop!  
Let's turn back time  
I would give my world to rock with you

I close my eyes and I see you  
On TV screens and posters too  
I've dreamt of making love to you  
Bury me next to Elvis  
So obsessed by all you do  
I love your hair, your Blue Suede Shoes  
I'd even take my life for you  
Bury me next to Elvis
