

# Lights

The Dirty Youth

You've got me looking through different eyes  
I can't believe my vision is so clear  
Feeling helpless I close my eyes  
Every time you're near

It's like you turn the lights on  
I've been in the dark for so long  
I've been doing things so wrong  
You just turned the lights on  
You just turned the lights on

I find myself lying awake at night  
And I wish that you were here  
Lost but it feels so right  
Every time you're near

You just turned the lights on  
I've been in the dark for so long  
And I've been doing things so wrong  
You just turned the lights on

You just turned the lights on  
You just turned the lights on

It took so long to recognise  
I've realised that it's you who set me free  
Every time that I close my eyes  
I feel you close to me

You just turned the lights on  
I've been in the dark for so long  
And I've been doing things so wrong  
You just turned the lights on

You just turned the lights on  
You just turned the lights on  
You just turned the lights on  
You just turned the lights on

I find myself lost in the darkness  
Unsure if I'd ever find light  
One thing I always remember  
You show me the way to the light

So blind but I have vision  
Found hope in our collision  
You ignite my bones (you just turned the lights on)  
So blind but I have vision  
Found hope in our collision (you just turned the lights on)  
You ignite my bones (you just turned the lights on)  
So blind but I have vision  
Found hope in our collision (you just turned the lights on)  
You ignite my bones
