

Back From Hell

The Dogma

He's wandering beware
He's coming from hell
Seduction of beauty
Corruption of purity

Waiting in silence
You lie awake
You're hearing , stop breathing
It's just like charming singing
Desire is burning
It takes control
It runs through your fingers
Your will is weaker day by day

I'll be your fire, I'll be your healer, your slave and
your lord
Then I will be gone before the dawn

Cry, facing the misery of mankind
As you receive eternal life
Under the moonlight we will dwell
The sun will rise I'll back from hell

Darkness surrounds
We'll taste the sin
You're feeling, fast breathing
It's what you always dreamt of
I've come here to steal you
Your innocence
And only the shadows
Will be the witness of my crime

I'll be your fire, I'll be your healer, your slave and
your lord
Then I will be gone before the dawn

Cry, facing the misery of mankind
As you receive eternal life
Under the moonlight we will dwell
The sun will rise I'll back from hell

He's wandering beware
He's coming back from hell
Seducer of beauty
Corruptor of her beauty

Now the time has come to say goodbye.. No need to
cry... No need to cry...
United by our dark delight... Now it's your time... Now
it's your time

Girl, wait for the sunset and you will be mine another
time
Dream during the daylight be awake at midnight the dawn
of my life
