

# The Lesson of Love

The Dream Academy

Don't walk out, listen to me when I say  
We've got a whole lot of magic, don't let it slip away  
Now there's tears on you eyes not the pages of the book  
If I find time to read them just to take a second look

You can fall down, you can fall for the line  
You can feel it, baby give me one more time  
You can fall down, you can fight and never know  
But you never learn now you learn to let it go

Fall down trying and you learn the lesson of love  
You can fall, fall down trying  
Trying to learn the lesson of love  
Hold on, listen to me when I say

Time is an illusion but it just won't fade away  
We can walk out, learn it all  
But we never go easy and you know that it should fall  
Feeling all had to run away

But you fall down alone it's a long distance train  
Moving out from the city of love  
To the valley of reason where you just don't get enough  
Fall down now and you learn the lesson of love

Fall, fall, fall, down, down, down  
And you learn the lesson of love  
Don't walk out listen to me when I say  
We've got a whole lot of magic, don't let it slip away

Now there's tears in your eyes on the pages of the book  
And it took me down trying just to take a second look  
Fall down trying and you learn the lesson of love  
If you're rich or poor,

If you're down by law  
You can learn the lesson of love  
You came all the way in a fragile state  
Just to learn the lesson of love

If you're a self made liar if your heart's on fire  
You can learn the lesson of love
