

## Nikki Part 2

The-Dream

I miss you  
Oohh I miss you  
I miss you  
Nikki I miss you (4x)

Verse 1  
It's been two whole years  
One album later  
Yeah I got your text  
That read "congratulations"  
Heard you moved to Dallas  
Hope you're doin' fine  
Hope this LP didn't catch you at the wrong time  
If I say I didn't miss you  
Girl I would be lying  
To you I never lied  
Never would I try  
And I always thought that you would end up on my side  
But I aint gon' repeat what I did last time

Hook  
You showin' up, keep showin' up, keep showin' up where I'm at  
Keep callin' me, keep callin' me, keep callin' me, come back  
You fuckin' with, you fuckin' with, you fuckin' with my house  
Me and my new girl was cool, but now I'm having doubts..

Chorus  
And it's all because of Nikki  
It's all because of Nikki  
It's all because of Nikki  
(It's all because of you)

Verse 2  
Shawty we were the greatest  
In the midst of all the haters  
Then you switched it all up on me  
You used to be my homie  
You said you'd play the role  
And then you went cold  
This love we had that was new  
Suddenly grew old  
Girl I thought you had my back  
Why you treating me like this  
Can't believe my side chick  
Runnin' round talkin' shit  
You said you understood me  
Wondered what it could be  
You still say "I love you"  
Now I'm screamin' "fuck you"

Hook  
You showin' up, keep showin' up, keep showin' up where I'm at  
Keep callin' me, keep callin' me, keep callin' me, come back  
You fuckin' with, you fuckin' with, you fuckin' with my house  
Me and my new girl was cool, but now I'm having doubts..

Chorus

And it's all because of Nikki  
It's all because of Nikki  
It's all because of Nikki

Girl, it's all because of you (hold up)  
It's all because of you  
It's all because of you  
Even though I said we're through..
