

I'm not alone now  
you're listening too  
maybe we can be friends and  
this song is the glue

You're not alone  
now you're singing  
You're not alone too

Maybe we will be friends and  
someday that's true

Bathed in green  
my heart is Kathleen  
oh bathed in the open air  
i am set free

I'm not alone now love  
you're listening too  
truly we will be friends and  
someday that's solved?

You're not alone  
now you're singing  
You're not alone too

Maybe we will be friends  
someday that's true

Bathed in green  
my heart is Kathleen  
oh bathed in the open air  
i am set free

Bathed in green  
my heart is Kathleen  
oh bathed in the open air  
i am with me

bathed, bathed in the open air  
I am with Jean  
bathed in the open air  
i am with me
