

I'll Find Somebody to Take Your Place

The Easybeats

I'll find somebody take your place
I'll find somebody take your place
O, o, o-o, when we were young, I could see
That you and I could never be

Well, I'll find somebody take your place
I'll find somebody take your place
We-e-ll... who's holding your hand when I'm gone?
'Cause he won't be holdin' it for long

Well... I'll find somebody take your place
Yay
Well, I'll find somebody take your place
We-e-e-ell... when we were young, I could see
That you and I could never be
Yeah!

I'll find somebody take your place
I'll find somebody take your place
Well, who's kissin' your pretty face?
Well, I'll find somebody take your place
Oh, yeah
