

Say You Want Me

The Easybeats

Say you want me
Say you need me
Say you hold me
Always keep me
With you...

Say you love me
Say you kiss me
If you left me
Say you miss me
Please do...

I'll remember that night
When I first held you tight
And when the teardrops fell
'Cause I was saying goodbye

Say you want me
Say you need me
Say you hold me
Always keep me
With you...

I'll remember that night
When I first held you tight
And when the teardrops fell
'Cause I was saying goodbye

Say you love me
Say you kiss me
If you left me
Say you miss me
Please do
