

What About Our Love

The Easybeats

Oh, what about our love
What about our love

Now the lights don't shine
In your eyes anymore
Now you wanna leave me
I've lost you now for sure

So come on (Come on)
Come on (Come on)
Come on (Come on)
Come on (Come on)
Come on, baby, let me hold you tight
Just like you wanted to last night

Now I feel sorry
You don't need me anymore
'Cause you wanna leave
How many times before

So come on (Come on)
Come on (Come on)
Come on (Come on)
Come on (Come on)
Come on, baby, let me hold you tight
Just like you wanted to, oh

What about our love
What about our love

Now the lights don't shine
In your eyes anymore
Now you wanna leave me
I know I've lost you now for sure

So come on (Come on)
Come on (Come on)
Come on (Come on)
Come on (Come on)
Come on, baby, let me hold you tight
Just like you wanted to, oh

What about our love
What about our love
What about our love
