

Revenge

The Echoing Green

you're never gonna take me alive
devoted to demise
you're never gonna push me aside
and in the twilight in falls apart
under the half-light
you kiss and sell your beauty goodbye

R: like radio waves you pass me by
video takes your thoughts online
your sullen style
it's all pretend
sinking in sentiment sublime
all of your truths are laced with lies
your violet smile kisses red...
like revenge.

are you ever gonna kill your disguise?
the breath behind the lies
will I ever see the whites of your eyes?
and in this hot white light
you fall apart
it's such a sad, sad sight
the touch of dissonance and demise

R: like radio waves you pass me by
video takes your thoughts online
your sullen style
it's all pretend
sinking in sentiment sublime
all of your truths are laced with lies
your violet smile kisses red...
like revenge.

Where do we go now?

eye for eye, and this for that
you hit me, I hit you back
eye for eye, and this for that
if you kiss me, I'll kiss you back

R: like radio waves you pass me by
video takes your thoughts online
your sullen style
it's all pretend
sinking in sentiment sublime
all of your truths are laced with lies
your violet smile kisses red...
like revenge.
