

Babyface

The Elected

Babyface I said babyface now what you gonna do
Babyface babyface now what you gotta prove
She said love only love
Is gonna get you through

Little one little one you know I've been there too
All the runnin' round all the layin' down is catching up with you
She said love only love
Could make us do the things we do

And she's a runaround runnin' round
runaround runnin' round girl
And she's an up and down all over town
hit the ground runnin' round girl
And that's just what she do

Babyface I said babyface now where you gonna go
The world's a wild place
and know no one's safe you don't know friend or foe
She said love only love
That's all you need to know

And she's a runaround runnin' round
runaround runnin' round girl
And shes front and back hit the sack
take your stack and give it back girl
Cuz that's just what she do

You broke loose oh you were moving
You just took things as they came
And I had thought less of you
But I was jealous just the same

And she's a run around runnin' round girl
And she's an up and down all over town hit the ground runnin' round girl
Get you right dark to light but she might
Change your life girl

Cuz that's just what she do
