

Bad in Bed

The Electric Chairs

You think you're a star, you think that you're hot.
You've got lots of money and a big shiny car.
You walk into a party and you steal the show.
I got the word now everybody's gonna know that you're bad in bed.

You're bad in bed - yeah.
You look real cool but you're bad, bad, bad in bed.

You got brand new shoes, you got a brand new hat.
You got a Lincoln Continental and a siamese cat.
You've got a swimming pool, a big diamond ring.
But no ones ever showed you how to shake your thing.

Because you're bad in bed. You're bad in bed.
You look real cool but you're bad, bad, bad in bed.

You've got a million dollar smile, you got clean white teeth.
You wear the latest styles, you look real chic.
You buy the latest hits you think that you're hip.
You better learn to let your backbone slip.

Because you're bad in bed. You're bad in bed - yeah.
You look real cool but you're bad, bad, bad in bed.

Okay c'mon boys play it.

'Cos you're bad in bed. You're bad in bed.
You look real cool but you're bad, bad, bad in bed.

Bad, bad, bad, bad, bad in bed (x4)
You look real cool but you're bad, bad, bad in bed.
You look real cool but you're bad, bad, bad in bed.
You look real cool but you stink in bed.
