

Out of Control

The Electric Chairs

Feeling all around, going in and out.
Slipping and a slidin', I forgot to take it out.
Running naked through the dirty, filthy streets.
Dirty tricks for a quarter a piece.

Chorus: Out of control, here we go.
Out of control, go man go.
Out of control, here we go.
Out of control, yeah go man go - oh yeah!
Uh huh!
Yeah, uh huh!

I'm drunk at a party, there's hands on my chest.
My heart is beating fast yeah, I think I'm ready for a rest.
I can't find my head, my tongue is loose.
Blood is death, but I'll still get you.

Chorus: Out of control, here we go.
Out of control, go man go.
Out of control, here I go.
Out of control, go man go.
Out of control, go man go.
Out of control, no, no, no.
Out of control, go man go.
Everything is out of control - now!

I'm lovely to look at, just once in a while.
Because I'm standing, in the shadow of your smile.
Don't you make me over, don't you make me all.
I can see for days, yeah, the writings on the wall.
Everything is....

Chorus: Out of control, here we go.
Out of control, go man go.
Out of control, here we go.
Everything is out of control.
Out of control, here I go.
Out of control, go man go.
Out of control, here we go.
Out of control, go man go.
Go, go man, go man, go man, go man, go.
Go man, go man, go man, go man, go man go.
I said everything is out of control.
Everything is out of control.
