Do you ever take the time to concentrate your mind and listen, ooo yeah $\,$

Dancing to the music to your inner soul
Marvel at the beauty that nature holds
(Spread your wings to freedom)
Erasing from your mind all the doubt you see
Soaring like an eagle to your victory
Your loving heart will guide you, you, you

Blessed, blessed. Ahhhh, yeah, ohhh yeah, yeah
My soul feels good about the ties that bind me and you, and all
mankind, together
Together

My soul feels good about the ties that bind me and you, and all mankind, together $\,$
