

Love's What's Happenin'

The Emotions

Let your eyes read good cheer
Fill your heart with the truth
Open up your mouth, speak out clear
Absorb your mind with love's fruits

Whatever the weather, let affection be your sweater
Compassion your endeavor
Peace and love will last forever

Love's what's happening
Use it all the time
Love's what's happening
Treat your brother kind
Love's what's happening
Love is so divine

Open your hands, be giving
Be sincere with all your heart
Humble up yourselves, be willing
Happiness will be your reward

You practice to deceive
A tangled web you'll weave

Love's what's happening
Love's what's happening
Love's what's happening
