

# Don't Call Me, I'll Call You

The Everly Brothers

Here you come you're gonna try to get me back again  
Since your new love he just put you down  
You remember how I hung around  
Did you think I'd bow my head  
Forget the words I used to dread  
Don't call me, I'll call you  
I don't want nobody like you  
Oh you're the kind that looks for ways  
To make me blue  
Did you really think I wouldn't have the nerve to change  
That you'd only have call my name  
And I'd come running back again  
Did you think I'd bow my head  
Forget the words I used to dread  
Don't call me, I'll call you  
Don't call me, I'll call you  
Don't call me, I'll call you
