

Radio and TV

The Everly Brothers

Radio and TV
Do a lot for me
Lots of times I date my honey
When I'm runnin' short of foldin' money
And the radio and TV are free

At the outdoor movie,
Everything is groovy
But at times I like it better
Just to bring my baby home and sit her
At the radio and TV with me

It's nice to sit and say things that lovers have to say
While the good guys chase the bad guys and the top ten records
play

Take away my car keys,
Take away my water-skis
Take away my foldin' money, take it all
But just don't take my honey
Or my radio and TV from me

It's nice to sit and say things that lovers have to say
While the good guys chase the bad guys and the top ten records
play

Take away my car keys
Take away my water-skis
Take away my foldin' money, take it all
But just don't take my honey
Or my radio and TV from me
Mmmmmmmmmmmmmmmmm
