

# Leaving Song

The Exies

Fly alone  
A careless soul  
That sings for everyone  
When the world closes

A steady blade  
Tears the seal  
A fallen angel  
Selling secrets  
We can steal

While brushing off the rust  
We'll go insane  
A beaten dog in anguish  
Counts his days

So, come down with me  
It's time to leave  
Come down with me  
I think we outta go  
It's time to leave
