

Out Tonight

The Explosion

We're gonna go
What ya gonna do
We're goin' out tonight
Runnin' through the streets like hooligans
We can see the morning lights
Kickin' down the door
To every corridor
We're gonna clear a path
Better get out of the way
'Cause we're comin' through fast
We have got to fight
To keep this party goin' all night
100 beers in me that is the plan
