

Just Like You

The Feelers

How many times have I sat drinking my tea
How many feelings are loose within me
Don't really care what you want me to see
Come and go just exactly like you please
And you don't give me no explanation
You don't give me any explanation

Cosmic structures and I'm breaking down walls
Caught in a garden so I hide behind them all
I could be a hired help you could find me at will
And you will, yeah you will

You don't give me no explanation
You don't give me any explanation
You don't give me no explanations
You just tell me your fears

So read me the letter, cos I don't wanna write
I don't wanna hear if you stay through the night
I taught you to feel, and you taught me to see
Everything about you, is everything like me

Just like me
I'm just like you
I'm just like you
I'm just like you
I'm just like you
I'm just like you
I'm just like you

So read me the letter, cos I don't wanna write
I don't wanna hear if you stay through the night
I taught you to feel, and you taught me to see
Everything about you, is everything like me

Just like me
I'm just like me
I am just like me
Just like me
I'm just like me
I am just like you

I'm just like you
I'm just like you
I'm just like you
I'm just like you
Yeah I'm just like you
I'm just like you
