Space Cadet

The Feelers

Space cadet or space boy One and the same Sandcastle or sand toy They're all just games

And the sky was on fire
I was burning up there
Ooo ho
And the world was alive
It's on top of that world
It's on top of that world
Yeah ha

Face pretends or fame brains That all hide in shame Figurines or mayor reigns They're all to blame

And the sky was on fire
I was burning up there
Ooo ho
And the world was alive
It's on top of that world
It's on top of that world
Yeah ha

And the sky was on fire
I was burning up there
Ooo ho
And the world was alive
It's on top of that world
It's on top of that world
Yeah ha
